

## Rain Gauge (RG) (Collector) Tipping Increments: 0.2, 0.01, 0.001mm and 1" Smart Box

**Product Codes: RGCoSB1032**

The Rain Gauge Smart Box is designed to detect and measure rain fall.

### Sensor Specifications

Measurement Type	Optical Rain Sensor
Operating Temperature	-40 to 60°C
Storage Temperature	-40 to 60°C
Measurement Range	Tipping Increments: 0.2, 0.01, 0.001 mm and 1"
Response Time, (Sensitivity)	N/A
Repeatability	N/A
Accuracy	N/A
Life Expectancy	N/A
Sensor Type	Collector
Sensor Cable Length	N/A
Certified	No

### Smart Box Specifications

Operating Temperature	-40°C to +85°C
Storage Temperature	-40 to 105°C
Air Data Rate	250 kb per second
Channels	16 (IEE 802.15.4 channels 11-26)
Hardware Supported Encryption	AES128
Analogue Digital Resolution	Up to 12 bits
Sample time for 12 bit conversion	680µs

### Power Supply Option

Standard PSU mains
Water Resistant PSU mains
Battery 9V (Replaceable)
Battery (Rechargeable)
Solar & Battery (Rechargeable)

### Smart Box Housing IP Rating

Indoor	IP50
Outdoor Splash proof	IP51
Outdoor - water jet	IP65
Outdoor - Immersion	Contact Us
Outdoor Explosion Proof	Contact Us
